## STOLE PIG, IS SENT TO THE PENAL FARM

Alec Harrison Draws Term of Six Months and Fine of \$10 From Judge Sparks

### CHANGES HIS PLEA TODAY

Fails to Appear When Trial Was Called and Bond Was Forfeited And Later Returned

Alec Harrison, charged with stealing a small pig belonging to John Holman of near New Salem, appeared this afternoon in the circuit court and pleaded guilty to the charge, on which he was given a fine of \$10 and costs and a sentence of six months at the state penal farm. Harrison gave his age as 21 years. He was scheduled to go on trial this morning before a jury, but when court opened he had not appeared. Shortly after one o'clock this afternoon he appeared and pleaded guilty. Judge Sparks ordered the \$40 cash bond returned.

Harrison arrived in Rushville from his home near Laurel after Judge Sparks had ordered the bond forfeited, and the defendant in way of explanation stated that he and George Allen, his bondsman, had left their home about seven o'clock and on the way here they had a tire blowout on the machine, which caused a delay.

Harrison was in court on the first of September and at that time arranged his bond in the sum of \$100. He provided \$40 cash, and the balance was signed up by Mr. Allen.

The jury had been called for the case this morning but after the court had waited several minutes past time, decided that the defendant wanted to forfeit the bond, and the jury was dismissed.

J. L. Cowing today resigned as jury commissioner, and Willard H. Amos was appointed in his place to fill out the term. Mr. Amos is the republican member and Carey Jackson the democratic member of the board, the third member being Loren Martin, clerk of the court.

Clara G. Duke by her attorneys, Gary and Bohannon, today filed suit for divorce from Ernest Duke, alleging that they were married in August 1910, and separated in August of this year. According to the complaint, the defendant "struck her, kicked her, slapped her and threatened to knock her down and told her to leave and never to return."

The complaint alleges further that in February 1920 Mrs. Duke suffered with influenza, followed by pneumonia and spinal meningitis, and that during her sickness she was at times delirious, and that afterwards the defendant sent her to a hospital in Indianapolis and Oxford, O., and still later had her committed to the insane hospital at Madison.

She alleges that the superintendent discharged her as cured from Madison, and that court proceeded.

## CHICAGO SHUDDERS AT LATEST CONFESSION

Leon Parks, 24, Unfolds Tale of Fiendish Murder in Which Gaugherty and Ausmus Were Killed

### IMPPLICATES A THIRD MAN

(By United Press)

Chicago, Sept. 13.—Chicago shuddered today at the horror of the latest confession in the handcuff murder which took the lives of Bernard J. Daugherty and Carl A. Ausmus, Packard Motor Car company salesmen.

Leon Parks, 24, unfolded his tale of fiendish murder. Parks said they were lured to the basement by Harvey Church, who confessed two days ago and were beaten with baseball bats after which their throats were slashed with a razor.

Parks implicated Clarence Wilder, who is being sought, as the third member of the band, headed by Church, that killed the salesmen to get the \$5,400 Packard De Luxe car.

Church was arrested in the car at Adams, Wis., his home town. His first confession involved only himself but in a later admission he linked the names of two others with the crime.

Park repudiated his confession made last night but later signed it. The grand jury today began consideration of the confessions.

## JURY REFUSES TO INDICT ARBUCKLE

Investigators Await Further Evidence to Clear up Disputed Points in Testimony

### IN SESSION FOR SIX HOURS

Movie Actor May Still be Tried on Affidavit Even Though Grand Jury Will Not Indict Him

(By United Press)

San Francisco, Calif., Sept. 13.—Mrs. Bambina Delmont who played the role of vengeance in the Rappe-Arbuckle tragedy, took the witness stand at the opening of the second day of the coroner's inquest today.

District Attorney Brady announced that new evidence was being gathered against Arbuckle, accused of murder, and will place the case before the grand jury for the second time. Last night the grand jury failed to indict Arbuckle.

"Our case is still being built up," the district attorney stated early today. "We are on the trail of new evidence which will strengthen it greatly. It is understood that some of this new evidence is expected to come from Los Angeles where the public moral commission is investigating the alleged immorals at the Hollywood motion picture studio."

Arbuckle probably will be summoned to attend the inquest and may be called as a witness although he is not compelled to talk. It is generally believed that if he is called as a witness he will exercise his right to remain silent just as he did when called before the grand jury session last night.

San Francisco, Cal., Sept. 13.—The San Francisco grand jury today refused to indict Roscoe Arbuckle for the murder of Virginia Rappe until further evidence is introduced to clear up disputed points.

After a six hours session the jury adjourned early today to give District Attorney Brady time to secure more evidence. It will convene again when he is ready.

Brady is going right ahead with the prosecution. The coroner's jury was called to meet at 10 a. m., to hear the testimony of Mrs. Maude Delmont, who alleges Arbuckle assaulted Miss Rappe during a "wild party" in his hotel suite and inflicted injuries from which she died.

In spite of the delay in securing a grand jury murder indictment, the murder complaint against Arbuckle—sworn to by Mrs. Delmont—still stands and Arbuckle can be brought to trial on it even if the grand jury refuses to return any indictment.

By advice of his counsel the famous movie comedian flatly refused to utter a word. He was in the grand jury room only two minutes.

Afterward he ran a gauntlet of blinding flashlights, clicking cameras and newspapermen who walked along beside him asking questions back to his cell in the felony tank.

District Attorney Mathew Brady started a corps of detectives out this morning hunting "further evidence" to clear up the disputed points. The

## Taking Order For 50 Gallons of Gasoline From Air is Novelty

Wilbur Owens, Western Oil and Refining Co., Station Manager Receives Delivery Instructions From Pilot Albert Wilson Circles About Tanks in This City.

### PLANES ON WAY TO LOUISVILLE

Taking an order for fifty gallons of gasoline from the air is a new thing in Rushville, but yesterday afternoon about four o'clock a plane piloted by Albert Wilson circled around the oil tanks of the Western Oil and Refining company, located in West Eighth street, near the Big Four railroad, and ordered the gasoline for two planes.

Wilbur Owens, station manager at the tanks, happened to be on the grounds and Mr. Wilson piloted the plane around the tanks and came within a few feet of the ground, ask-

ing him to deliver 50 gallons of gasoline to the Ab Denning race track just west of Posey lane for the two planes which were circling about the city.

Mr. Owens complied with the order and learned that the two planes, were enroute from Detroit to Louisville, and when they reached here, their gasoline supply was getting low. Pilot Wilson noticed the gasoline tanks, and began to circle about them, until he attracted the attention of Mr. Owens.

Pilot Wilson was accompanied in his plane by his wife and the other pilot was alone.

The stop here required about 20 minutes for the filling and Pilot Wilson stated that it was his first attempt to get gasoline on the "run" and from the air. He stated that the machines would reach Louisville within an hour after departing from here.

## FALL PLOWING IS WELL UNDER WAY

Weekly Crop Report is Favorable Despite Fact That Rains Have Interfered

### SILO FILLING PROGRESSES

(By United Press)

Indianapolis, Ind., Sept. 13.—Fall plowing in Indiana is progressing rapidly in spite of rains which delayed the work, and conditions are generally favorable, according to the weekly crop report issued today by George C. Bryant, U. S. agricultural statistician.

Corn cutting and silo filling are nearly half finished, and some of the crop is now being fed.

Wheat sowing will not be general until after fly-free dates. A decided increase will be made in some counties if plowing is an indication, the report said. Rye seeding will follow closely on wheat seeding dates, with a larger acreage in some northern counties.

Oats and barley were generally so poor that but little is being marketed. Meadows and pastures remain about as good as in the spring.

Late potatoes continue to show improvement, but generally the crop is light.

Tobacco cutting is becoming general, but recent rains have lowered the quality.

All apples except the latter varieties have been picked. Melons are practically gone. Tomatoes are fair to good.

Live stock generally is in good condition.

Farm labor supply continues to exceed the demand.

**BEGINS ACTION TO RECOVER HIDDEN GOLD**

**Government Will Undertake to Get Custody of Bergdoll Money, Which Was Said to be Hidden**

**AMOUNT PLACED AT \$105,000**

Washington, Sept. 13.—The federal government has started to "dig" for the famous Bergdoll "pot of gold." Court action asking that Mrs. Emma C. Bergdoll, mother of Grover Cleveland Bergdoll, millionaire Philadelphia slacker, be compelled to turn over to the government \$105,000 in gold coin which she withdrew from the federal treasury in 1917, was instituted today in Philadelphia by Thomas W. Miller, alien property custodian.

Should the court hold the alien property custodian's demand for the gold to be a legal one and Mrs. Bergdoll then refused to produce it, she could be jailed or fined for contempt of court.

The hidden gold played a prominent part in the escape of Mrs. Bergdoll's slacker son to Germany. He was released from a military prison to dig for this gold, which he said, was buried in western Maryland and eluded his guards while on the hunting expedition.

At first, it was believed Bergdoll "faked" the story of buried gold but later it was learned he, his mother and Judge James E. Romig, a Philadelphia friend, had exchanged huge rolls of currency for about 400 pounds of gold at the treasury early in the war.

During the recent congressional investigation of the slacker's escape, Mrs. Bergdoll doggedly refused to divulge the hiding place of the gold.

She stated that she alone knew where the money was buried and did not propose "to tell a living soul."

The Woman's Council likewise is devoted to charitable undertakings, the most notable of which is the support of the visiting nurse. This activity alone has been responsible for the improvement of health conditions in Rushville and has worked wonders among the class of people who pay little attention to sanitation.

Another cause which the Woman's Council initiated and has backed is the public school milk fund. Milk was provided for the pupils of the Havens school last year and it was the hope of the council to be able to extend its work in this direction during the coming year.

The efforts of both organizations have been very liberally supported in Rushville and are commended by all people of the city. The readiness of Rushville merchants to close for the ball game is evidence enough of the high regard in which the two organizations are held. The following paper was circulated this morning and freely signed:

Money For Farm Exports

The War Finance Corporation has been empowered by congress to issue bonds for \$1,500,000,000 and use a billion dollars of the money to aid the farmers in exporting their products. There was a lot of talk in congress about this legislation, and all hoped that it would be helpful to the farmers in their present difficulties. The movement of agricultural crops in the domestic markets and overseas to foreign consumers has been very heavy in recent months, and this will be still further accelerated by the opening of the Government purse strings for the purpose of financing the farmers.

The heavy crop movements at the greatly depressed prices indicate that the farmers of the country who have been holding their grain and produce are unloading, notwithstanding the depressed markets. The Chicago stock yards have recently been receiving more cattle than they could handle, and they have been asking producers not to continue the heavy shipments. The whole process of farm business indicates that the farmers have their backs to the wall, and must get money, no matter how great may be their sacrifices.

It seems probable that the farming interests are expecting too much from the recent legislation referred to above. The billion dollars of authorized financing is not likely to effect the prices of produce, since it represents merely a form of banking on a large scale. The cotton growers of the south have apparently been greatly helped by the government financing, as it has made it possible for them to get their cotton to Europe. The farmers, as a whole will also be greatly benefited by the financial legislation; but it is clear that what they need most is higher prices. And that is something that congress does not appear to be able to furnish.

And The World Still Moves

In the early days woman was something of a chattel—a possession of mankind, to be disposed of as his fancy might decree.

Among the rich and powerful she was an ornament, a plaything. In the humbler walks of life she was a drudge, little better than a beast of burden.

If any person had told the kings and knights of old that the time would come when woman would be man's equal in all things that person would have been considered a lunatic, or a liar, or both, and a dangerous person to remain at large. His days would have been short.

Yet for centuries woman has been forging forward, fighting for and obtaining greater privileges, until today she is recognized as man's equal in many countries.

In the past doubting ones have made dire prophecies for such a day. The rise of womanhood to

them meant chaos, disintegration, dissolution.

But woman still progresses, and the world still moves.

If man doesn't like it he can lag behind.

The Illinois Committee on Public Utility Information figures that in Chicago alone, residents of the city save 28,750,000,000 minutes daily through use of the telephone. Someone please figure out how many days that is.

Fatty Arbuckle has been advertised as the comedian with the smile which won't come off, but perhaps he never figured on adversity in times of plenty.

Rush county exhibitors are hard to beat, even with the whole state showing against them at the Indiana fair.

NOTHING TO DO WITH THEFT

Suspects at Greensburg Not Believed Implicated in Bank Robbery

Indianapolis, Ind., Sept. 13.—Two men arrested at Greensburg as suspects in the \$22,000 Beech Grove State Bank holdup probably had nothing to do with the robbery, police here said today.

The men, Gilbert Talkington, 24, and Elmer Smith, 25, were held when Talkington is alleged to have cashed two fraudulent checks. Talkington wore peculiar brass-toed shoes, similar to those worn by one of the Beech Grove bandit quartet. They told conflicting stories as to the ownership of the car they were driving, authorities said.

St. Louis Negro is Held as Suspect in Indianapolis

Indianapolis, Ind., Sept. 13.—Suspected of having attacked two little girls, a negro who gave his name as Luther Dunlap of St. Louis was held here today.

The woman was prostrated by the incident, and has not been able to attempt identification of Dunlap. Another child, Lucille Robins, 12, was awakened by a colored man, she said, who seized her and muffled her cries with a bedspread.

A posse of citizens arrested Dunlap. He will be arraigned Friday.

Obituary

Sad and sudden was the call. Of one so dearly loved by all. There was no chance to say farewell. To those he loved so well. For all of us he did his best: May God grant him eternal rest.

Fred Kue passed away at the home of his sister, Miss Florence O'Keefe, in Glenwood, Ind.; three p. m. September 8th, 1921, after a severe sickness of only about two weeks; although he has not been in rugged health for the past few years. He leaves a half-sister, Miss Florence O'Keefe, of Glenwood, with whom he has made his home. Also 2 half brothers, Wm. L. O'Keefe of Connersville and Frank H. O'Keefe of Glenwood.

Fred was born near Laurel, Ind.; October eleventh, 1865; being aged 55 yrs., 10 mo., 29 days. His father John C. Kue, died in Fred's infancy and his mother was wedded to Timothy O'Keefe, at Glenwood, in the year of 1875 and the deceased has made his home with his sister, Miss Florence, since the death of their mother in December 1896.

Fred was a congenial good natured man, with a smile for every one he met and a hard worker always willing to help any one. He was especially fond of children and the youths of the vicinity will sadly mourn his loss and cheerful greetings as will his numberless friends. He joined the Methodist church while a young man and he was interested in the welfare of the church. 156t1

## WINS FREE-FOR-ALL IN STRAIGHT HEATS

11-Year-Old Pacer From Cambridge City Takes Champion Stake at Syracuse, N. Y.

### FEATURE EVENT OF THE DAY

Syracuse, N. Y., Sept. 13.—Single G, the 11-year-old pacer, owned by W. B. Barefoot of Cambridge City, Ind., won the champion stake, free-for-all pace, in the Grand Circuit meeting at the state fair in straight heats Monday afternoon, stepping the second heat in 2.00 flat, and equalling the fastest time ever made on the Syracuse track. Several years ago, Miss Harris M, also a pacer made the mile in 2.00.

King Etawah, who was driven by Ben White, in winning the Merchants' cup, the trotting event for 2-year-olds, equalled the record for the year for his class, when he negotiated the mile in 2.09 3/4 in the third heat. Outdistanced in the first heat, King Etawah finished gamely, taking the last two from under the nose of Edith Worthly, driven by Brusie.

Single G's exhibition was the feature of the first day of the meeting, however. The veteran pacer won the three heats all of which were in fast time by standing off John Henry, driven by Pitman, in close finishes in every one of the heats.

## BURCH CONFESSES MURDER OPEN WITH THE ATHLETICS

Practically Hangs Himself, Comment of District Attorney

Los Angeles, Calif., Sept. 13.—Arthur Burch has practically hanged himself by his alleged confession, declared Assistant District Attorney Keys today when asked regarding the alleged confession made to a newspaper reported by Arthur Burch in which Burch admitted he killed J. Belton Kennedy.

"The district attorney's office believes the confession is true", declared Keys. "We have known of it for two or three days". Burch, with Madalynne Oberichain is now in jail on the charge of murdering Kennedy, August 5.

Arthur Burch today denied in its entirety the confession he is alleged to have given Chancellor Sprague, newspaper reporter and published in a three page article in a morning paper here in which Burch admitted he killed J. Belton Kennedy.

Cleveland Indians Arrive at Philadelphia Minus Speaker

Philadelphia Pa., Sept. 13.—On their last eastern cruise of the year, the Cleveland Indians arrived here today for a series with the Athletics. The tribe was without the services of Manager Speaker who was left at home with an injured knee.

Despite the continuous run of reverses encountered this year the club appeared anything but hopeless.

The intersectional series starting today in both leagues may be the deciding factor in both major league races. If the Indians can clean up the series with the Athletics and if the White Sox do the usual to the Yankees, Speaker will get back in first place.

### Watching The Score Board

The Pirates and Braves split even in the only game of the day on the big time. Carey's single, Maranville's double and Gibson's error at the plate gave the Pirates the first game in the 15th inning at 5 to 4. Boeckel's single in the eighth inning drove in the run that gave the Braves the second game, 4 to 3.

Descendants of the Spillman family held their annual reunion at the home of Mr. and Mrs. Newton McCracken in Shelbyville Sunday. Those from this county who attended were Mr. and Mrs. George Spillman, Mr. and Mrs. Vernon Spillman, Mr. and Mrs. Newton Gruell and Mrs. Holden of New Salem and Mr. and Mrs. Claud Spillman of Milroy.

The third annual reunion of the Lewis family was held at the city park Sunday with 140 in attendance. Delegations came from Connersville, Laurel, Orange, Glenwood, Andersonville, Fairland, Fairfield, Clarksburg, Manilla, Shelbyville, Indianapolis, Greenfield and this city. Charles S. Lewis of Connersville was re-elected president, with E. S. Lewis of Clarksburg secretary. It was voted to meet at the same place next year on September 10. The secretary

They went to Tennessee in 1790 and from there to Indiana about 1805, settling on Salt Creek, Franklin county. Davy Crockett of Alamo fame came from this line, his mother being a Lewis. David Lewis Payne, who opened Oklahoma was the son of a Lewis. Meriwether Lewis of the Lewis & Clarke Expedition was the uncle of grandfather John Lewis, from whom most of those attending the reunion are descended.

## CAUSES A STIR IN LOS ANGELES

Arbuckle Case Results in "Movie Capital" Being Divided Into Factions Over the Matter

### EXHIBITORS CANCEL PICTURE

Some Motion Picture People Believe He is Innocent and Others Denounce Him

(By United Press)

Los Angeles, Cal., Sept. 13.—War was declared today on "a small but noisy minority" of the motion picture colony which "drives high speed cars to high speed dring places" and "supplies material for gossip and scandal reflecting on the great army of well behaved honest, sincere, generous, kindly people.

Ben B. Hampton, former magazine publisher, now producing motion picture plays, was the spokesman for the reform element in the movie industry.

Hampton, confined to his bed, penned a statement on the Arbuckle case.

"It is inevitable that the picture profession should suffer temporarily from criticism aroused by this horrible affair," Hampton declared. "Many people in their hot resentment of conditions that make tragedy possible may be prone to carelessly criticize the entire industry.

"Such an attitude would be unfair and unjust to the extreme.

"The Los Angeles motion picture colony has suffered for years because of a small minority of black sheep."

Los Angeles, Cal., Sept. 13.—Arrest of Roscoe Arbuckle in San Francisco charged with the murder of beautiful Virginia Rappe has "split wide open" Los Angeles—the world's movie capital.

The movie colony is divided into factions, one professing a belief in the innocence of the famous comedian; the other denouncing him.

One motion picture house last night followed the lead set Saturday in San Francisco and cancelled an announced showing of one of his latest films.

Jess L. Lasky, head of the numerous Lasky interests, was reported to have cancelled a trip on which he was scheduled to start today, in order to watch and consider the Arbuckle case and its affects on his companions. Lasky's companies control several of Arbuckle's films.

There were many rumors of cancelling picture contracts but none were verified.

Most of the motion picture celebrities as far as public statements were concerned, refused to discuss the case.

Yet on the "lots" there was a buzz of gossip, and in Hollywood, at the Beach cafes and in the lobby of the hotel Alexandria where movie folk are accustomed to gather the usual laughter and gaiety last night had given away to whispers, grave faces and plain worry.

It was clear that the movie folk were asking themselves as to what would be the effect on the entire movie industry.

For several years the motion picture industry has been a bone of contention in Los Angeles. The business community supported it—for it brought the city millions of dollars annually. The "home folks" element, quiet retired farmers from the middlewest, church people and many "natives" denounced it claiming Hollywood, where the motion picture people centered, was a hot bed of immorality.

The movie colony has been "investigated" by social workers; charged that stake stry girls were lured to ruin by the glamor of movie life; and allegations that days before the camera were only fore-runners of night of carousal have been made in the press and from the pulpit. Los Angeles always was filled with gossip of "wild parties" with which the names of movie people were connected.

The movie colony largely has been confined to the Hollywood section of the city. In some districts the people of the screen were not looked upon with favor by landlords as tenants.

Arbuckle's salary at present—paid by the Paramount company, which is a Lasky interest, is said to be \$5,000 per week. His fortune is estimated at between one-half million and one million dollars.

Those who know him are not reticent in admitting that Arbuckle could have been far more wealthier had it not been for his propensities as a spender. He had spent thousands in entertaining and in just having a "good time".

It was estimated Arbuckle has spent \$100,000 on autos alone. At present he owns three cars, including his famous \$26,000 machine.

### JURY REFUSES TO INDICT ARBUCKLE

Continued from Page One  
Jury will reconvene at any time Brady is ready to summon it, to present this evidence.

The fact that the jury failed to indict Arbuckle on the strength of the evidence already presented, even though the actor himself refused to testify, was held by his attorneys to be a decided point in his favor.

The coroner's jury today was to continue its investigation of the death of Miss Rappe who expired from injuries received during an alleged "wild party" in Arbuckle's suite at the hotel St. Francis. The coroner's inquest is being conducted independently of the grand jury proceedings.

During the long hours that the grand jury was in session a crowd pressed around the doors, as closely as guards would permit, staring at the witnesses as they passed in and out.

A number of flashily gowned movie actresses were within the cordon, pacing uneasily up and down the corridor, as the hours slipped by and still no word as to "Fatty's" fate. The entrance to the grand jury room looked like the stage door of a musical comedy show.

The highlight of the evening came when Arbuckle himself, flanked by guards, was escorted into the secret chamber where the grand jury was deliberating.

### Refuse Arbuckle Pictures

Wabash, Ind., Sept. 13.—Proprietors of two moving picture houses here have announced that no pictures of "Fatty" Arbuckle will be shown in their theatres until his case is disposed of in the California courts. If his guilt is proved the order will be permanent.

### Fatty Banned at Muncie

Muncie, Ind., Sept. 13.—No pictures in which Roscoe Arbuckle appears, will be shown in any Muncie movie house in the future unless the compulent star is able to prove himself innocent of the charges now standing against him. Mayor Jol Kelly announced today that while he was prepared to bar the films from Muncie, he had found this unnecessary, the manager of each theatre here having pledged himself to cancel all Arbuckle bookings for the present.

### Fatty's Wife Stands By Him

New York, Sept. 13.—Mrs. Minta Durfee, former movie star, and wife of Roscoe "Fatty" Arbuckle, issued a statement today that she was preparing to leave for Los Angeles today. She stated that she was determined to stick by him to the finish. "I am sure my husband is innocent and I am going to California to be with him until the end," the statement said.

### STOLE PIG. SENT TO PENAL FARM

Continued from Page One  
ings in the local court also restored her sanity.

Mrs. Duke asks for a divorce and \$2,000 alimony, together with attorney fees.

Samuel F. Holmes in another suit filed today asked for partition and sale of real estate, naming John E. Holmes and Mary L. Holmes as defendants. The complaint is to partition real estate described as being in Glenwood, a portion of which lies in Fayette county.

### Virginia Rappe's Death Climax of Movie Scandals

A series of violent deaths, suicides and scandals in the movie world was brought to a climax by the death of Virginia Rappe.

Olive Thomas, popular American movie star, died in Paris from bichloride of mercury poisoning following a wild "party" in the Mont Marte district.

Zelda Crosby, young scenario writer, committed suicide by poison in New York after a tragic love affair with a millionaire movie producer.

Prominent movie magnates paid \$100,000 hush money to avoid publicity as the result of a "girl and wine" revel at a roadhouse in Woburn, Mass., in honor of "Fatty" Arbuckle.

Nevada authorities started action to nullify Mary Pickford's divorce, following her marriage to Douglas Fairbanks.

Charlie Chaplin was divorced on grounds of cruelty.

Geraldine Farrar and Lou Tellegen separated after a sensational quarrel.

## Amusements

### Farnum Attracts Big Crowds

Playing the part of Lassiter William Farnum attracted great crowds at the Mystic Theatre, where this William Fox screen adaptation of Zane Grey's famous novel, "Riders of the Purple Sage," was shown last night, and was repeated today.

In this virile drama of pioneer days in Utah, Mr. Farnum portrays the part of a Western gunman—not the vicious type of killer, but one who, like a devastating angel, sweeps through the countryside of the early Mormon settlement and made his name a terror to right a great wrong; and he plays it so convincingly and with such a wealth of dramatic force that the role is destined to stand as one of his greatest.

The closing scene of this throbbing drama of the great Western desert is staged in the mountains, in a spot of stupendous natural grandeur. To save a girl and her sweetheart from a force of pursuing Mormons, a huge rock is dropped down a sheer cliff, crushing to death many of the horsemen.

Running through the entire picture is a powerful, absorbing love story that breathes the ruggedness and the wholesomeness of the great West.

### Scene Taken in Georgia

Director Dillon was in a little town in southern Georgia last spring when Justine Johnstone and her company, making the exterior scenes for Max Johnstone's fourth Realart picture, "A Heart to Let", to be seen at the Princess today.

The hero of the piece, played by Harrison Ford, is supposed to be temporarily blind, and one scene, filmed at a railway station, was needed to depict the blind man's arrival. Since the scene was to be very brief, it was deemed unnecessary to hire a special train from the railroad and have it arrive between regular trains, but arrangements were made to shoot the scene as a regular passenger train pulled into the station.

The camera was all set, and Ford who had boarded the train at the

next station, was seen on the step as the train approached. The train stopped and Ford, feeling his way carefully with a cane, came haltingly down the steps of the coach towards the waiting camera.

Then it was that dear, kindhearted old lady who had been waiting for somebody, rushed forward to assist the supposed blind man.

"Can't I help you to a cab?" she asked graciously, stepping right between the camera and the actor.

Mr. Ford, who is known off the stage as well as on for his quiet polish of manner, thanked his would be helper as graciously as possible, and the whole company joined him in silent profanity as they waited four hours for the next train to arrive so that they could "shoot" the arrival scene.

### LOCATE IN LOS ANGELES

Mr. and Mrs. Rudolph Horral Chanucey who have been spending their honey-moon at their cottage in "Tent City," Long Beach, California, have moved to the Luana Apts., 225 West 25th Street, Los Angeles, California, where Mr. Chanucey is engaged in a creamery. Mrs. Chanucey before her marriage was Miss Marguerite Wolcott who with her parents, were former residents of this city.

## Chiropractic for Stomach Trouble

The nerve and blood supply to the stomach perform an important part in the elaboration and secretion of the gastric juice, and a very important part of the nervous system is the furnishing of energy for the stomach movements during digestion. The nerves leading to the stomach pass out from the spinal cord through little openings in the spinal column, and if they are impinged by a subluxated vertebrae it will interfere with the transmission of nerve energy leading to the stomach which will cause that organ to become diseased. A subluxation may result from very insignificant causes, muscular contractions caused by the toxins of any of the infectious diseases, a sudden twist, a fall, or a blow, may subluxate a vertebrae in the spinal column. What can the Chiropractor do for gastritis? He will examine the spine and locate the impinged nerve and will usually find that it is tender at the point where it emerges from the spine. When the nerve is free from the pressure that is causing the trouble, nature will rush to the afflicted stomach, a sufficient amount of vital energy to neutralize the abnormal condition.

If the constitutional disease is nephritis, then the nerves leading to the kidneys will be found impinged; if it is diabetes, the nerves to the kidneys, liver and pancreas will be given attention; if it arises from heart incompetency, whatever to the secondary cause, the primary cause is always found to be in the spinal column. Many persons who have suffered for years with this distressing stomach condition have been entirely relieved through Chiropractic Adjustments. The Chiropractors have made a special study of the mechanism of the nervous system and the human spine, and can locate definitely the seat of the trouble and can correct it and thus remove the obstruction to the flow of vital force to the organs.
